SvitHaseth is an artist duo of two dedicated photographers, Janne Amalie Svit and Merete Haseth. The duo is a continuation of the former online art gallery and webshop Image Troopers, founded in 2013. Svit and Haseth both graduated with Bachelor of Art Photography from the highly acclaimed Kent Institute of Art and Design in England, earning top grades. Prior to launching *SvitHaseth* and *Image Troopers*, they have worked as professional photographers for many years.

Julie Grahame (aCurator) calls their work “**The Dark Nordic**”. In contrast to the Nordic light – so often a feature of Scandinavian design – *SvitHaseth* wants to convey the inherent beauty of the northern darkness.

Under the name *SvitHaseth*, they work both as an artist duo and produce individual artwork.
